

EXPERIENCE

Interactive Art Director

Leibowitz New York, NY | September 2014–Present

- Art directs digital projects, managing a team of designers who produce work that meets each clients' unique brand voice and guidelines
- Works closely with the Creative Director and Strategy & Account Director throughout all stages of the interface design process including sitemap, wireframes, design and client presentations
- Spearheads all UX discussions, creating wireframes that finalize all website functionality, always keeping the website end user in mind
- Works alongside brand team to help finalize color palettes, imagery, fonts and other brand elements for the web
